The Revised Chart of Accounts (RCA) for Government Corporations as prescribed per Commission on Audit Circular No. 2015-010 dated December 01, 2015 is used in the recording of the District's financial transactions and presentation of the Financial Statements.

Note 2 Significant Accounting Policies

- Investments on Time Deposits. The District recognizes and records placement of cash in local currency based on the following:
 - the District's intention whether to keep these funds whether for the purpose of meeting short-term cash commitments and is convertible into known amounts of cash, subject to an insignificant risk of change in value or they are set aside for a specific purpose and are either notionally or legally 'ring-fenced'.
 - maturity whether it's three-months or less from the date of placement

Allowance for Doubtful Accounts. The District uses the aging of accounts receivable for provision for doubtful account.

Age of Accounts	Percentage
1-60 days	1%
61-180 days	2%
181-1 year	3%
More than 1 year	5%

Supplies Inventory. The District uses the asset method in recording materials and supplies. Expense is recognized upon issuance of the items stored in stocks.

Prepayments. The District adopts the asset method in recording payment for insurance, and vehicle registration which are amortized monthly throughout the period of coverage.

Property, Plant and Equipment (PPE).

- Direct cost of land acquired and other incidental expenses are capitalized as part of the cost of land.
- PPE are carried at cost less accumulated depreciation. The Depreciation is computed using the straight-line method over the estimated useful lives of the properties ranging from 5 to 50 years after deducting the residual value equivalent to 10% of the original cost of the asset from the total cost of the asset.
- The cost of maintenance and minor repairs is charged to expense as incurred, while major repairs, which prolong the life of the assets, are capitalized. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation and amortization are removed from the accounts and any resulting gain or loss is charged to current operation.

Payable Accounts. The District recognized and records payables in the books of accounts only upon delivery of the goods/inventory/other assets and rendition of services to the District.

Income Recognition. Revenues are recorded using the accrual basis of accounting.

Correction of Fundamental errors. All prior period Income/Expense Account Adjustments/Errors are corrected using Retained Earnings Unappropriated Account while Adjustments/ Errors affecting current years operation are charged to current year's accounts.

Note 3 Subsequent Events

- The Accounting Division set up payable for various operating and maintenance expenses for 2020 payable in CY 2021. The cut-off period was March 15, 2021.
- Due to this cut-off, various operating expenses for CY 2020 that are expected to be paid in 2021 are not included in the total account setup for various payable for CY 2020 because the necessary data pertaining to these expenses are not yet available at that moment. Some of these payables are Differential for Salaries and Wages- Casual & Job Orders, Pensions & Benefits, Overtime pay, Fuel, Oil and Lubricants, Advertising Fee and others.
